

# Jackfruit Seed Exfoliating Powder (Upcycled)

Artocarpus heterophyllus · Moraceae

Botanical exfoliant

## 1. Product identification

|                          |                                                                                                                                                        |
|--------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------|
| Product name             | Jackfruit Seed Exfoliating Powder (Upcycled)                                                                                                           |
| Botanical name           | Artocarpus heterophyllus (syn. Artocarpus brasiliensis, Artocarpus grandis, Artocarpus integra, Artocarpus jaca, Artocarpus maximus, Artocarpus nanca) |
| Plant family             | Moraceae                                                                                                                                               |
| Common names             | Jackfruit, Khatal, Jackfruit Powder, Kathal, Jakfruit, Jack                                                                                            |
| Indian / Ayurvedic names | panasa, फणस, कौशल, ప న స, నీలూర, ప్లూర                                                                                                                 |
| Plant part used          | Seed                                                                                                                                                   |
| Product form             | Botanical exfoliant                                                                                                                                    |
| Product code (SKU base)  | EXF-JACKF-225G                                                                                                                                         |

## 2. Composition and identifiers

| INCI / COMPONENT          | FUNCTION             | CAS | EC | PROPORTION |
|---------------------------|----------------------|-----|----|------------|
| — (no INCI name assigned) | Botanical ingredient | —   | —  | —          |

INCI status: Not applicable (no cosmetic INCI listed)

Where more than one CAS number is shown, the botanical substance is registered under several CAS numbers (e.g. EINECS and TSCA variants); all refer to the same INCI name.

## 3. Manufacturing

|           |                                                                          |
|-----------|--------------------------------------------------------------------------|
| Process   | Dried and milled / ground                                                |
| Additives | No added colours, fragrance or preservatives unless stated on the label. |

## 4. Typical properties

|                     |                                                                           |
|---------------------|---------------------------------------------------------------------------|
| Physical state      | Solid (powder)                                                            |
| Appearance / colour | Characteristic of the plant material; may vary naturally between harvests |
| Odour               | Characteristic                                                            |
| Particle size       | 60–100 mesh                                                               |

Typical values describe the product type and are not a specification. Batch-specific results (assay, moisture, microbiology, heavy metals as applicable) are given on the Certificate of Analysis, available on request.

## 5. Applications and use

|                     |                                                                                                                                     |
|---------------------|-------------------------------------------------------------------------------------------------------------------------------------|
| Applications        | Perfumery, Skincare                                                                                                                 |
| Markets             | Cosmetics & personal care                                                                                                           |
| Suggested use level | Use according to the formulation; typical inclusion in cosmetics 1–10 %, in food and supplements as permitted by local regulations. |

The formulator is responsible for confirming suitability, stability and regulatory compliance of the finished product in the intended market. Not intended for direct medicinal use.

## 6. Packaging, storage and shelf life

|            |                                                                                                                                                                                 |
|------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Pack sizes | 225 g, 1 kg, 5 kg — bulk and custom quantities on request                                                                                                                       |
| Storage    | Store in tightly closed original containers in a cool (below 25 °C), dry, well-ventilated place, away from direct sunlight, moisture, strong odours and incompatible materials. |
| Shelf life | 24 months from the date of manufacture in unopened original packaging stored as recommended.                                                                                    |

## 7. Documentation and quality

|                         |                                                                                 |
|-------------------------|---------------------------------------------------------------------------------|
| Safety Data Sheet       | SDS-EXF-JACKF-225G — available for download on the product page                 |
| Certificate of Analysis | Batch-specific COA available on request                                         |
| Other documents         | Allergen, IFRA, origin and other statements on request, subject to availability |
